JuliaCon is coming to Lisbon in July 2020. Organised annually by the open source Julia programming language community, in association with NumFOCUS, the conference brings together an audience of developers and scientists, all interested in numerical computing. The conference is organised over five days -- one day of workshops, three days of talks, and a final day for open ended collaboration and development in a hackathon setting.

We invite you to sponsor JuliaCon. As a non-profit, volunteer driven event, your sponsorship allows us, in part, to pay for the conference facilities; enables a diverse audience to attend the event; and supports community infrastructure for Julia development throughout the year.

Sponsoring JuliaCon guarantees highly targeted visibility, and the opportunity to present yourself and your company in a professional and innovative environment. You'll have a unique opportunity to meet many numerical computing developers, users and professionals. You will directly help to promote the work of an amazing open-source community and further its development.

JuliaCon 2020 will be held at the campus of ISCTE - Instituto Universitário de Lisboa (ISCTE-IUL) in Lisbon, Portugal.

ISCTE-IUL is a public university established in 1972 and one of the most dynamic and innovative in Portugal. A leading research university, ISCTE-IUL currently has about 9,000 students, over half of them in postgraduate programmes. ISCTE-IUL is recognised for excellence in teaching, research and community service, but also for its international and multicultural environment and solid connections to the corporate world that bring real-life business experience to academics and students.

The campus has outstanding conference facilities, and is close to the airport as well as the city center — with metro, bus and mainline train services nearby.

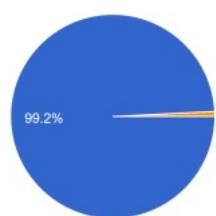

“

Lisbon has amazing culture, history, people, gastronomy, and natural beauty – with a booming startup ecosystem ... thanks for the fantastic reason to go back to one of my favourite countries in the world

Institute

The diversity of our community is important to us. Every year, a significant portion of our budget is dedicated to providing financial assistance to people from underrepresented geographies and demographics for attending JuliaCon

These grants enable life-changing experiences for some. Below are a selection of testimonies from our awardees. Your sponsorship makes all this possible.

“

Without the financial assistance, I would not have been able to attend. I am so thankful for the aid that I received - I learned a lot and was exposed to new developments in Julia at JuliaCon. This was truly a wonderful experience and I hope to continue to be involved in the future!

“

JuliaCon 2019 was the first conference I attended outside my country. During the conference, I met students, professors, researchers and developers. Each one of these interactions was extremely important for me, because as a PhD. student I am constantly looking for people with whom I can work doing research in the future.... With this conference I realized the importance of Open Source: everyone had a Github account there; before this event, I had never met a person with a Github account

Benefits of Sponsoring JuliaCon

Socialise:

Make contact with a vibrant network of innovators

Learn:

Benefit from the knowledge of the community

Recruit:

Leverage skilled and enthusiastic attendees

Cultivate:

Present yourself as a Julia related company

Target:

Reach out directly to people interested in numerical topics

Support:

Help accelerate an innovative open source project

Sponsorship Levels

Platinum Sponsorship (\$30,000)

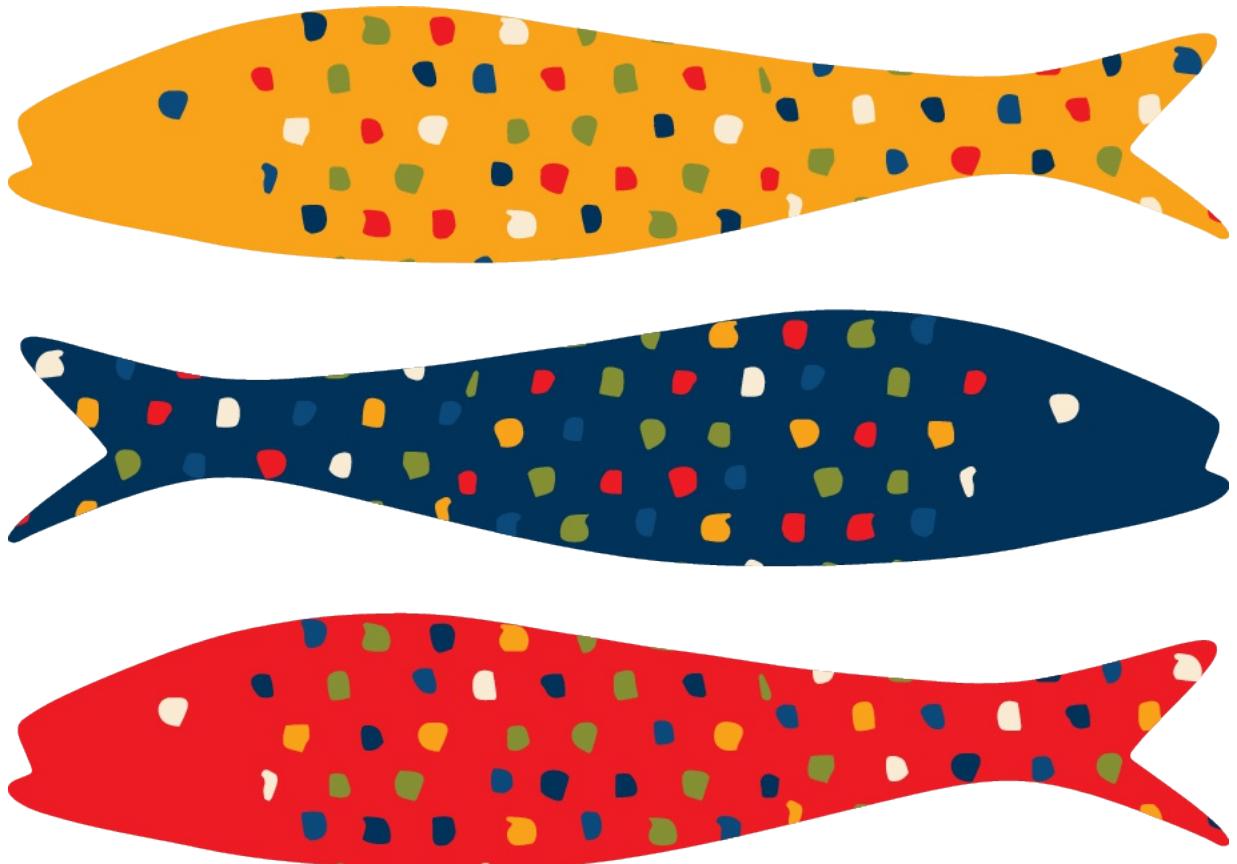

- » Prominent mention of your organization and logo placement in JuliaCon registration packets, brochures, materials and website
- » Prominent mention of sponsorship before, after or during opening, closing and keynote addresses
- » A brief 5 minute opportunity to address the participants including priority placement immediately after a keynote address
- » Table/presentation space during the conference including priority placement
- » 5 free tickets

Gold Sponsorship (\$15,000)

- » Prominent mention of your organization and logo placement in JuliaCon registration packets, brochures, materials and website
- » Prominent mention of sponsorship before, after or during opening, closing and keynote addresses
- » A brief 5 minute opportunity to address the participants
- » Table/presentation space during the conference
- » 3 free tickets

Silver Sponsorship (\$5,000)

- » Prominent mention of your organization and logo placement in JuliaCon registration packets, brochures, materials and website
- » Prominent mention of sponsorship before, after or during opening, closing and keynote addresses
- » 1 free ticket

We hope to have your support for JuliaCon 2020. If you have sponsored JuliaCon in the past, thank you! If you are interested in sponsoring this year, please get in touch. Talk to us if you have any queries, or have particular needs or concerns. We will be happy to work with you to create a custom package to suit your needs. See you in Lisbon!
